

# MINI30

2.4 inch-palm print/palm vein face all-in-one machine

Face | Card | Access Control | Attendance

## MINI30 2.4 inch-palm print/palm vein face all-in-one machine

Palmprint/palm vein recognition face all-in-one machine (2.4 inches) is a palmprint/palm vein recognition attendance and access control terminal product. Non-contact recognition of palm prints/palms

Veins, highly accurate recognition, excellent algorithm performance Binocular live body detection accuracy 99.5% Palmprint algorithm reading speed 800 milliseconds, can effectively defend against photos, videos, electronic screens

Various forms of attacks such as pictures.

Supports multiple combinations of palmprint/palm vein recognition, card swiping and password authentication for identity verification, and can be used in commercial real estate, corporate buildings, hotels, governments, and industries

Parks, industrial parks, campuses, small businesses, construction sites, shops and other places. Meet customers' palmprint recognition needs in various scenarios.

## SPECIFICATION

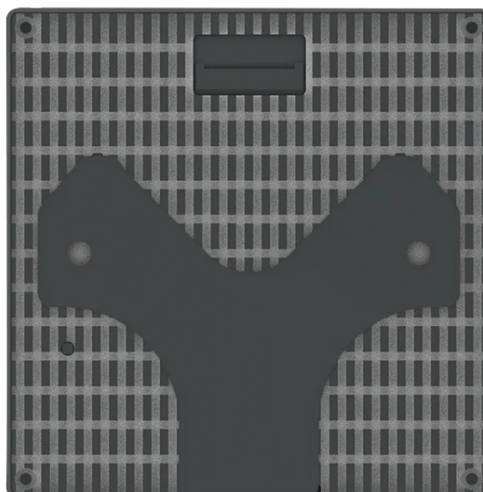

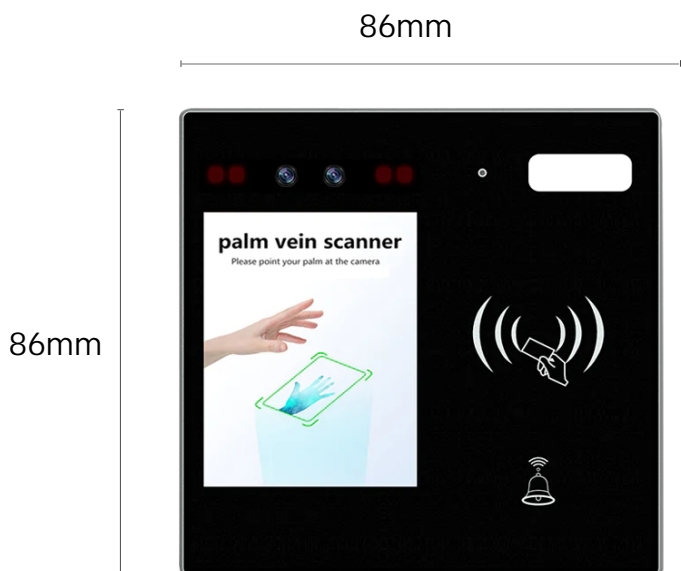

Screen Size	IPS 2.4-inch LCD display;
Resolution	resolution 320*240
Palm print reading	Reading speed 800 milliseconds
Face reading	Face recognition speed 1 second
Wiegand	Support Wiegand 26/34 adaptive transmission
Door opening signal	COM/NO/NC
Signal	WiFi2.4G/Bluetooth 5.0/Ethernet
Structural design	Glass panel + aluminum alloy
Input power	Power adapter 12V-2.5A/Type-C
Audio output	3 2W
OS	Android 11

## HARDWARE

CPU	RK3568, quad-core, clocked at 2.0GHz
RAM	2GB
ROM	16GB

## INTERFACE

Type-C	1 way Type-C
Serial port	RS485
Doorbell	Touch doorbell button
Fill light	Support infrared fill light
Total measurement	86mm*86mm*13mm
Net weight of the whole machine	0.3KG
Installation method	Wall-mounted installation/86 box installation/ embedded gate
